

European Society for Emergency Medicine (EuSEM) EuSEM Member Account Activation

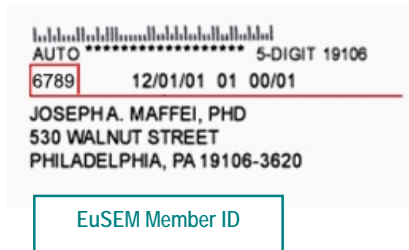

Members may **REGISTER** and **ACTIVATE** their account to view full-text content of *"The European Journal of Emergency Medicine"* at the journal web site: www.euro-emergencymed.com.

Your **SUBSCRIBER ID NUMBER** (which is found on the mailing label of any issue) is required for **1.866.489.0443** or by email at: memberservices@lww.com.

HOW TO ACTIVATE YOUR ACCOUNT:

1. Visit the *"The European Journal of Emergency Medicine"* home page at: www.euro-emergencymed.com.
2. Select **Login** from the main menu bar at the top of the *"The European Journal of Emergency Medicine"* home page.
3. Under the Activate/Register option, click the **Activate/Register** button.
4. Under Account Activation, click the **Activate Account** button.
5. On the **Account Activation** page, enter your 12 digit ID number (e.g., **000123456789** or **101010101010**) in the **Account Number/Member ID** text entry box.

Your LWW subscriber ID numbers can be located on the plastic wrapper mailing label affixed to your print journal packaging. A sample mailing label is provided below. If you are unable to locate your subscriber ID number, please contact LWW Member Services at: **1.866.489.0443** or by e-mail at: memberservices@lww.com.

6. Enter the email address that you use for your online account in the **Email Address** entry box.
7. Click the **Activate Account** button.

NOTE: Upon submission, an email message containing a verification code will be delivered to the address you just entered. You will need to follow the steps in this email to verify your account information the next time that you visit and login to any LWW online website.

8. When your **Subscriber ID** has been verified, you will be asked to complete and submit an **Account Profile**. You will be asked to submit mandatory **account management information**, assign a **username** and **password**, and provide some other **optional information** also used for account management, as well as to provide **technical** or **customer support** that may be required in the future.

NOTE: Passwords are case sensitive.

9. If indicated, you may be asked to complete online **account consolidation**.

Account consolidation is a process by which users reconcile multiple online subscriptions to a single account. Based on the email address a user supplies at the time of initial account activation, the process identifies other titles that the user receives and then associates these with a single account.

HOW TO ACCESS YOUR ONLINE VERSION OF "THE EUROPEAN JOURNAL OF EMERGENCY MEDICINE":

Once you have activated your **account** and as long as your **subscription** is active, you may return to the journal website at any time and access the journal as follows:

1. Visit the "*Journal of Orthopaedic Trauma*" home page at www.euro-emergencymed.com.
2. Select Login from the main menu bar at the top of the "*The European Journal of Emergency Medicine*" home page.
3. Under the section noted as **Login: subscribers, members & guest option**, enter your: **username** and **password**.

NOTE: Passwords are case sensitive. You must enter your password exactly as you entered it when you activated your subscription.

HOW TO REGISTER FOR "THE EUROPEAN JOURNAL OF EMERGENCY MEDICINE" E-ALERTS

"*The European Journal of Emergency Medicine – E-Alerts*" deliver an electronic version of the Journal's **Table of Contents**, with HTML links of the articles printed in the current issue. This advance access to the articles, gives you the most up-to-date medical and scientific information available in your field.

You can register for **E-Alerts** as follows,

NOTE: You must have activated your online **account** to "*The European Journal of Emergency Medicine*".

1. Select E-Alerts from the main menu.
2. The **e-toc** subscription page will ask you to:
 - **Subscribe**
 - **Select a message format: HTML or Text**
3. Click on Update.

You will begin to receive your **Table of Contents** alert when the next issue of "*The European Journal of Emergency Medicine*" scheduled for delivery.
