

Wilhelm Behringer, MD, MBA, MSc
Professor of Emergency Medicine
Director Center of Emergency Medicine
Jena University, Faculty of Medicine

Dear EUSEM member,

this is to re-apply for the post as EUSEM Honorary Secretary, and I would like to ask for your vote.
Why should you vote for me?

- Relevant experience for the post
 - Since 2017: Honorary Secretary of EUSEM
 - 2014-2016: Scientific chair of three successful EUSEM congresses
 - 2012-2017: Austrian delegate for the Section Emergency Medicine within the EUMS (European Union of Medical Specialties)
 - 2008-2017: Austrian delegate of the Austrian Association of Emergency Medicine (AAEM) for EUSEM council
 - 2011-2014: President AAEM
 - 2008-2011: Honorary Secretary AAEM
 - 2008: Founding member AAEM
- Major achievements in the last three years as member of the EUSEM board
 - Financial stabilization of the society
 - Increasing attendance to the annual EUSEM congress with growing income for the society
 - Completion of the by-laws and review of the Rules of Procedures of the society
 - Enhanced collaboration with the Section of Emergency Medicine within the EUMS to further develop the European board examination Emergency Medicine
 - Increased work-force in the society office with increased productivity of the society
 - Establishment of cooperation with other European societies for joint development of guidelines and recommendations
- Aspirations for the future development of the Society
 - To encourage and involve all individual EUSEM members to bring in his/her ideas to play an important role in the development of Emergency Medicine in Europe.
 - To put in all our strengths to help the local societies in all countries to further develop Emergency Medicine.
 - To increase the scientific impact of the Society. The Society needs to be a major player in the development of guidelines, which determine diagnosis and treatment of patients in the Emergency Department. No other Society knows better the needs of Emergency Department patients than us, and we have to transfer our knowledge into scientific output.

Thank you for your trust, with best regards,

Wilhelm Behringer
